I have just kicked De Chauville out of the house," he said.

The color left Paul's face quite suddenly.

"Why?" he asked, with hard eyes.

He had begun to distrust Etta, and there is nothing so hard to stop as the growth of distrust.

Steinmetz did not answer at once.

"Was it not my privilege?" asked Paul, with a grim smile. There are some smiles more terrible than any frown.

"No," answered Steinmetz, "I think not. It is not as bad as that. But it is bad enough, it is bad enough. I have whipped him first for myself. How pleasant that was! And then I kicked him out for you."

"Why?" repeated Paul, with a white face.

"It is a long story," answered Steinmetz without looking at him. "He knows too much."

"It will have to be done," he said soliloquizing, and rang the bell.

"My compliments to the prince," he said to his servant, who appeared instantly, "and will he come to me here?"

When Paul came into the room a few minutes later Steinmetz was standing by the fire. He turned and

sat down at his broad writing-table and looked around the room with a little blink of the eyelids.

"I am getting too old for this sort of life," he said.

I'll gaze Eglied on the heavy riding ship thrown on the ground near the door where he had recessed Claude de Chauville after the terrible punishment meted out to that he with heavy festone head. Steinmetz rose and, letting up the whip with the gruit of stout man stooping, replaced it carefully in the rack over the mantelpiece. He stood looking out of the window a few moments.

"It will have to be done," he said soliloquizing, and rang the bell.

GOLDEN WEDDING.

Mr. and Mrs. T. N. Shepard Celebrate Fiftieth Wedding Anniversary.

At about ten o'clock Sunday morning about fifty relatives and friends assembled at the home of Mr. and Mrs. T. N. Shepard about three miles west of town in response to invitations issued by them last week to attend their fiftieth wedding anniversary. They were presented with some valuable presents, the presentation speech being made by Hon. John M. Lewis. At twelve o'clock a most excellent dinner was served, the wife of their son, W. O. Shepard, superintending. Robert W. Shepard, Edward Shepard and Mr. and Mrs. W. O. and Mr. and Mrs. J. B. Shepard and children were present, comprising the entire number of children and grand-children of Mr. and Mrs. T. N. Shepard. Mr. Shepard is seventy-five years old and Mrs. Shepard is sixty-six and are living a prosperous and happy life.

The afternoon was most pleasantly spent with music as one of the features. At about five o'clock the rack and other conveyances returned to Seymour with their merry occupants, all being more than delighted with the hospitality and good cheer which they had shared at the home of their host and hostess. George Kenney, of Indianapolis, was one of the guests.

DIED.

OWENS—John, the four months old child of Mr. and Mrs. James Owens died Saturday afternoon at their home on Jackson street. The funeral services were conducted this afternoon at 2 o'clock.

THOMPSON.—Jesse Thompson died at his home in Woodstock at 3:15 Monday morning, March 6th, age 60 years and 25 days. Though he had been sick of pleurisy and lung fever several days the announcement of his death came as a surprise to most of his friends and acquaintances. Mr. Thompson was well known in this vicinity and for about thirty years he had served Redding Township as assessor. He was re-elected again last fall, but because of illness was unable to begin work the 1st of March. He leaves a wife, two daughters, three sons and two grandchildren.

The arrangements for the funeral will be announced later.

Delineator For April.

April being an important month in the fashion world, the April Delineator is primarily a fashion number, containing an elaborate portrayal of the Spring styles and the latest fashion news. In the literary portion of the magazine the first installment of a new serial story by Albert Bigelow Paine is an item of note. It is called "The Lucky Piece; a Story of the Mountains," and promises well from the early chapters. In "The Rights of the Child," a new serial feature, it is announced, Dr. Grace P. Murray will discuss every phase of the care of children: the first paper, on "The Coming of the Child," contains information that has never before been presented in popular form and will be of great assistance to young mothers. The domestic columns are of particular interest and ably edited.

Missionary Meeting.

The first section of the Women's Foreign Missionary Society of the Methodist church will serve their third quarterly tea in connection with the monthly meeting tomorrow afternoon at 2:30 at the home of Mrs. Ida Miller on North Chestnut street. A good program has been prepared and all ladies interested in missionary work will be welcome.

Wedding Anniversary.

Mr. and Mrs. T. A. Reed entertained a number of relatives and friends at their home on East Third street Friday evening, March 3, in honor of their forty-sixth wedding anniversary. A very pleasant time was had by all present. Dainty refreshments were served which added much to the enjoyment of the occasion.

Race Suicide.

The March issue of "Success Magazine" contains among other interesting matters the second installment of Mr. Cleveland Moffett's "The Shameful Misuse of Wealth." This time Mr. Moffett deals with "The Real Race Suicide." He emphasizes his subject with a number of important facts which bear out the value of his series.

Our Court Bill.

The bill making Jackson and Scott counties the Sixty-second judicial circuit passed the House this morning by a vote of 53 to 19.

William E. Springer, the representative from Bartholomew, gave this bill his personal attention and rendered most excellent service to those in the judicial district who have been in earnest about the passage of this measure. If the bill gets the support in the Senate this afternoon it merits it will undoubtedly become a law even at this late day.

LATER.—Just before going to press a telephone message from Indianapolis states that the senate declined to concur in the House amendment which is further evidence of double dealing.

Vacancy.

By the death of Jesse Thompson Redding township is without an assessor. But the county commissioners are in session now and will doubtless fill the vacancy at once. The work of the assessors begins March 1 therefore there will not likely be much time lost in making an appointment.

PURE BLOOD.

NECESSARY TO HEALTH.

W. F. Peter Drug Co. Guarantee
Vinol to Make Pure, Rich,
Red Blood.

"We see every day on our streets many people whose faces plainly show impure and impoverished blood. We want everybody in Seymour to know that Vinol is a splendid blood purifier and blood maker," said Mr. Peter of the W. F. Peter Drug Co.

"Vinol is the best preparation we ever sold in our store to make pure, rich, red blood, because it contains in a highly concentrated form all of the medicinal, body building elements of cod liver oil, but without a drop of oil or grease to upset the stomach.

"Vinol tones up and strengthens the nerves of the stomach and enables it to obtain from the food eaten the necessary elements to create pure, rich red blood, and in this way every organ in the body is strengthened and invigorated, and the skin is cleared from all disfiguring eruptions."

Mr. F. W. Bean of Wilmington, Del., writes: "I suffered for months with poor blood, loss of flesh and strength. My physician prescribed different remedies, none of which helped me. I was discouraged when a friend asked me to try Vinol. I did so and never saw anything like it: it purified and enriched my blood, increased my appetite, and I look and feel like a different man."

"We guarantee Vinol will purify and enrich the blood, create strength and build up every run down person in Seymour or stand ready to return the money in every case where it fails."

DANGER OF CROWDS

Kept the President From Going to Church Sunday.

Washington, March 6.—President Roosevelt passed the first Sunday after his inauguration quietly at the White House. Surrounded by the members of his family and his house guests, he spent the day in recuperating from the fatigue incident to the heavy mental and physical strain which he underwent during the inaugural ceremonies. It was expected that the president would attend religious services and in anticipation of his leaving the White House thousands of people gathered in and about the White House grounds as early as 9:30 o'clock. It became evident early in the day that if the president should leave the White House to attend services at his church he would be surrounded both at the church and in going to and from the services by an almost uncontrollable crowd of curiosity seekers and admirers. Tens of thousands of visitors were yet in the city and it was evident to those who have an earnest regard for the safety and comfort of the president that if he should leave the White House to attend the services at his church it would require the efforts of the entire force of metropolitan police to insure beyond peradventure his safe conduct to and from the edifice at which he worshipped.

White thousands of visitors to the inaugural ceremonies left the city Saturday night and early today, other thousands remained to view the historic sights of the national capital over Sunday. The day was fair, but the air was sharp with frost, making heavy overcoats not merely comfortable, but a necessity. It was remarked by old Washingtonians that this was the first inauguration period for thirty years when the weather had been so uniformly pleasant for so many successive days, and comments upon "Roosevelt's luck" became trite in repetition among the vast crowds which thronged the capital.

HOUSEHOLD WORRIES.

There is not the slightest need for some of them existing in Seymour.

Seymour.

The average mother finds sufficient annoyance and worry performing the ordinary duties in the rearing of a family, but the care and anxiety are doubled when there is added to ordinary conditions that of weakened kidneys in a juvenile member of the family. How to cure it should be of untold value to Seymour mothers. Read this:

Mrs. M. Moritz, of Fifth street, says:

"I sent my daughter to C. W. Milhouse's drug store to get Doan's Kidney Pills for her little sister afflicted with weak kidneys. I gave them to her and I never had a more satisfactory result from medicine. It was such a release from embarrassment to the child and took a large amount of extra work off of me. This had been going on for a long while and nothing I could do for her seemed to do any good. As for the price 50 cents per box, to me ten dollars a box would have been cheap judging from their merits. The child is perfectly sound as regards the kidneys. It is four months since I gave them. I can conscientiously recommend Doan's Kidney Pills to mothers.

The Kind You Have Always Bought

Convulsion, Fits, then Epilepsy.

Dr. Miles' Restorative Nervine has been so successful in curing these brain-wrecking diseases that there is every reason to believe that even the most hopeless cases can be benefited, if not fully restored.

We will be pleased to refer any one thus afflicted to many who now enjoy the blessing of health, after years of hopeless suffering.

"I have a son that had brain fever when two years old, followed by fits of the most terrible kind, which were pronounced incurable. I spent hundreds of dollars for him, without relief. After about fifteen years he became so bad that we sent him to Longs' Hospital for the Insane at Longs'port, Ind. He was there nearly three years, but he continued to grow worse, so we brought him home again in 1903. In a fit of delirium he had lost his mind almost entirely. He hardly knew one of the family; could not even find his bed; was a total wreck. He had from 5 to 10 fits a day, and the fits were of the most terrible kind. Dr. Miles' Nervine, and before the first bottle was used, we could see a change for the better. We have given it to him ever since, and he has had but two or three light spells since last August, 1903, and then he was not well other ways. We pronounce him cured, as he can work and go anywhere. If any one wishes to know the name of the doctor who treated him, they are at liberty to do so."

E. H. BUNNELL, Lincoln, Ind.

Dr. Miles' Nervine is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails, he will refund your money.

MR. CARNEGIE AMUSED

Iron Master Had to Laugh When He Saw Chadwick Notes.

Cleveland, Ohio, March 6.—Trustee of the Chadwick Assets Nathan Loeser and County Prosecutor Harvey R. Keeler called by appointment upon Andrew Carnegie at the home of Sylvester T. Everett in this city Sunday. Mr. Loeser brought with him the famous \$5,000,000 note and the equally famous trust agreement. The officials obtained specimens of Mr. Carnegie's handwriting for the purpose of comparing it with the writing on the paper which Mrs. Chadwick used as security for many of her transactions. Mr. Carnegie was amused when he saw the documents bearing his name. The dissimilarity between the signature which Mr. Carnegie wrote for Mr. Keeler and the signature which was reputed to be his on the bank paper was marked.

Confusion of Train Orders.

Toledo, March 6.—As a result of a head-on collision between two freight trains on the Baltimore & Ohio railroad, four miles from Defiance, Fireman Samuel Beadle of Garrett, Ind., was instantly killed, and J. E. Cogley, fireman, and Thomas Carr, brakeman, both of Garrett, were seriously injured. There were thirty-eight cars in one train, and forty in another and the impact was so terrible that there was hardly a solid car left in either train. Confusion of train orders is said to be responsible for the collision.

An Indiana Man Leads.

Cleveland, Ohio, March 6.—Eleven members of the advisory board of the Amalgamated Window Glass Workers of America met here Sunday to count the vote for president. A. L. Faulkner of Dunkirk, Ind., led over fourteen other candidates. The vote to elect officers by popular vote was defeated by a close margin. A second ballot for president has been ordered and will be counted on the first Saturday night in April. The low man in the vote is dropped.

Mob Took Murderer.

Vicksburg, Miss., March 6.—The body of Dr. William B. Oliphant, who was shot to death by a half crazy negro at Helm station in Washington county, arrived here about 1:30 this morning by the belated southbound train. From the same train the negro who was responsible for the death of Dr. Oliphant was taken from the deputy at Elizabeth station by a body of masked men and the reports that reached here are to the effect that he was promptly strung up.

True Bill Against Hoch.

Chicago, March 6.—The grand jury has returned a true bill charging John Hoch with the murder of Mrs. Marie Welker-Hoch. The much-married man was already resting under two indictments for bigamy.

The Situation at Lodz.

Lodz, March 6.—This town is quiet. Strong military patrols guard the streets. There are 7,000 workmen from the Posenanski cotton mills on strike. The outlook is not promising.

London, March 6.—With the winter about over attention is again centered on Macedonia, where conditions are decidedly serious.

THE OIL INDUSTRY

Is Undergoing a Rigid Investigation by Federal Authorities.

DEVELOPING THE FACTS

Operations of the Oil Trust in Kansas as Well as Other States Will Be Looked Into.

Nothing to Be Left Undone to Secure Information Regarding the Trust's Methods.

Washington, March 6.—Commissioner James R. Garfield, of the bureau of corporations, has instituted a rigid investigation of the operations of the oil industry in Kansas and contiguous states. In response to a resolution of the house of representatives, introduced by Representative Campbell of Kansas, the investigation of the oil industry will be carried on as rapidly as is consistent with thoroughness.

The report of Commissioner Garfield will be made directly to President Roosevelt. Whether it will be made public will lie in the discretion of the chief executive. Depending on the facts in the report, it may be turned over to the department of justice for such action as the attorney general may deem proper.

Commissioner Garfield says that nothing will be left undone by his bureau to develop the facts regarding the operation of the oil trust in Kansas, as well as in other states.

It is not the purpose of Commissioner Garfield to confine the inquiry to Kansas. It will not be circumscribed by state or geographical lines. It is the intention of the commissioner to make the investigation as exhaustive as the resolution of Representative Campbell contemplates, the purpose being to develop all the facts regarding the operations of the oil trust.

"During the past year," said Commissioner Garfield, "a great amount of general information relating to the oil trust has been obtained. This affords a basis from which to undertake immediate specific inquiries into the conditions existing in specific fields, such as Kansas, Texas and California. The method of procedure will be similar to that followed in the inquiry into the operations of the alleged beef trust. The commissioner of corporations, personally, and through special agents, will obtain information from original sources. Already these sources of information have been sounded. They have responded to the commissioner of corporations by agreeing to furnish information, to afford the fullest opportunity for inspection of records and accounts, and to answer all questions pertinent to all matters involved in the inquiry.

It is the intention of Commissioner Garfield, under direction of President Roosevelt, to make the inquiry into the operations of the oil trust as comprehensive and exhaustive as possible. Nothing will be left undone that will develop a single fact relating to the work of the trust, and if it has been unjustly discriminating against the producers of oil in Kansas or in any other state, the inquiry will show it.</
